Tamarack Resort Unveils Winter Upgrades for 2023/2024 Season

TAMARACK, Idaho (Oct. 18, 2023)—Tamarack Resort is gearing up for the 2023/2024 winter season with several new additions and amenities to improve the guest experience. The season is tentatively scheduled to open in early December, with lift operations running from 9 a.m. to 4 p.m., seven days a week.

Terrain & Lift Access

- Skiers and boarders will enjoy 60+ acres of new open terrain in the Reasons to Quit area. This brings the resort's lift-accessible terrain total to 1,385 acres, which includes 50 named runs and six named glades and natural tree-skiing areas.
- A new interactive, family-friendly zone—Lumberjack Land—will be located just off the Waltz run.
- Beginners can hone skills and gain confidence at a 5.5-acre learning area with sculpted terrain near the Discovery chairlift.
- Guests will enjoy enhanced ski-in, ski-out lodging access with the Buttercup lift operating on weekends and holidays.

Snowmaking Capability & Enhanced Conditions

- Tamarack is increasing its snowmaking coverage by 30%, spanning 150 acres of named runs, with the addition of six new automated snowguns (TA TT10—the most efficient in the world) and one mile of new snowmaking pipe.
- The addition of cutting-edge snowcat technology (Prinoth Winch Cat and extra Winch Cat pick points) will enhance grooming on steeper terrain and give guests a smoother and more enjoyable mountain experience all season long.

Nordic Center

The resort's new Nordic Center is in The Lodge at Osprey Meadows and will offer retail, rentals and lessons for those exploring the 20K+ trail system, suitable for cross-country and skate skiing, snowshoeing and fat biking.

Quicker Lift Access, Additional Ticket Options & More

- A new automated ticket/pass kiosk in The Village Plaza will allow skiers and boarders to skip the ticket line and purchase or reload their day ticket and then proceed directly to the lift.

- This season, Tamarack will introduce multiday, consecutive-day tickets to provide more flexibility for guests.
- Online reservations for rental equipment are now available on the Tamarack website.
- Visitors now have access to paid overnight camping in the lower Aspen Parking Lot.
